

## APPENDIX A

### BC Rodeo Association Medical Personnel

#### First Aid Equipment and Emergency Transport Recommendations

In order to meet the Insurance requirements of the Association, the BC Rodeo Association requires that a Host Committee provide and have onsite (in the immediate vicinity of the rodeo arena) during all performances including a slack performance, the following:

The minimum requirement for personnel is either a Qualified Medical Personnel (as identified below) or a Trained Paramedic (as identified below.)

##### **Qualified Medical Personnel**

- Registered Nurses and Nurse Practitioners
- Paramedics & Emergency Medical Technicians
- Physician Assistants

##### **Trained Paramedic**

- **Primary Care Paramedic (PCP)**
- **Advanced Care Paramedics (ACP)**
- **Critical Care Paramedic (CCP)**

#### First Aid Equipment

Based on a risk assessment of rodeo events, the BCRA requires that a Host Committee **must** also have onsite (in the immediate vicinity of the rodeo arena) the following first aid and emergency equipment

##### **ETV Equipment:**

1 Spineboard  
7 Velcro Straps for spineboard  
2 Stiffneck Collar Select (adjustable hard cervical collars)  
3 emergency blankets  
2 vomit bags  
Defibrillator (additional)

##### **Respiratory Care:**

Portable oxygen therapy unit consisting of:

- A cylinder containing compressed oxygen;
- Regulator with pressure gauge and flow meter;
- Wrench;
- Non-rebreather mask;
- Nasal Cannula
- Oropharyngeal airway set.

## **Level 2 First Aid Kit**

10 Abdominal Dressings (8" x 10")
