Members may compete immediately after paying all fines.

**4.04** Contestants will not be advised by the **BCES** operators on entry closing day that they are ineligible to compete. However, if contestant is placed on the ineligible list in error, and was drawn out of a rodeo for that reason, he/she will be drawn back into the rodeo in question.

**1.07** Head fighting bulls or steers having bad horns must be dehorned or kept out of the draw. No bull may be put in the draw until his horns have been tipped to any smaller than the size of a quarter. Stock contractors will be fined twenty-five dollars (\$25) for the first offence with fine escalating on a progressive basis if tipping does not take place. If in the judge’s opinion, a bull’s horns do not meet the rule book requirements for tipping, the judge will notify the stock contractor that he can either immediately tip the bull, before the contestant gets on or the contestant has the option to take the re-ride or have his fees refunded. Contestant will not be allowed to compete on a bull that is not properly

tipped. If the stock contractor refuses to tip the bull before the performance, he will be subject to a one hundred dollar (\$100) fine plus any other disciplinary action by the BCRA Board of Directors.

**1.08** Any riding event contestant who holds onto chute gate, thus preventing gate from being opened, after he has indicated he is ready will be fined fifty dollars (\$50) for the first offense, with the fine progressively doubling thereafter.

**1.09** Any exhibition rides or runs must be done at the end of the event or section.

## **2.00 RE-RIDES**

**2.01** Re-rides may be awarded in all three riding events.

**2.02** The matter of re-rides shall be totally at the discretion of the judges; however, a re-ride must be awarded in the following situations:

- a) An animal fails to break (runs off) or stops during a ride.
- b) The rider is fouled at the chute or in the arena, and the rider declares himself or does not try to go on with the ride.
- c) In the horse riding events, if the rider makes a qualified ride and the flank comes off before the 8 seconds whistle.
- d) In the bull riding, if the bull fouls itself against the chute or if rider makes a qualified ride until the flank comes off or the bull stops.
- e) If an animal deliberately throws itself or falls to its belly.
- f) If a rider makes two (2) honest attempts to get on a chute-fighting animal and is unable to do so.
- g) In the saddle bronc riding, if the halter breaks but does not come off no re-ride; but if it comes off a re-ride will be awarded.
- h) If contestant and stock contractor cannot come to an agreement regarding cross tying an animal the judge will award a re-ride or the contestant has the option of getting entry fees refunded.

**2.03** At no time shall a re-ride or a re-run be given if the contestants own equipment breaks or fails.

**2.04** If a re-ride is awarded, the judges must provide the mark and the fact that a re-ride has been awarded, announced, and

- a) in all cases the choice of accepting the mark or taking a re-ride is the contestant
- b) If the contestant elects to a re-ride animal drawn for him, he must get on the re-ride or be disqualified.

**2.05** If a re-ride is awarded, the contestant may take the same animal back, provided that the stock contractor and contestant are willing. If either does not agree, re-ride must come from re-ride pen.

**2.06** A contestant shall not ask for a re-ride.

## **2.07 DRAWING RE-RIDES:**

- a) In the three (3) riding events (Bareback, Saddle Bronc, & Bull Riding) one (1) re-ride animal for each performance and each slack session will be drawn in the prescribed manner. When the stock contractor submits his stock list to **BCES**, he will submit the branded number of one more animal that is required to furnish each contestant in that performance or slack with an animal. The stock contractor is allowed to feature three (3) animals in each performance or slack session that will be exempt from the re-rides. The remaining animals will be put in a hopper and one (1) animal per performance or slack session will be drawn as the designated re-ride animal for each specific performance or slack.
- b) Or a stock contractor may choose to submit in any given pan the equivalent of one (1) additional animal plus one (1) for each performance of the rodeo or go round, i.e.: at a three (3) performance rodeo or go round, four (4) re-ride animals would be drawn. A maximum of four (4) animals may be featured before re-rides are drawn. If (b) is used, then the drawn re-rides will constitute the re-rides for the entire rodeo and may not be put back into draw. If, after all drawn re-rides and turned out stock are used, more re-rides are needed, it will be the responsibility of the judges to draw re-rides from a pen of animals which represents the animals used in any given performance agreeable to the stock contractor. All re-ride stock should be available during or immediately following the performance in which the re-ride was granted.

- c) if a re-ride is awarded, animals will be used in the order they are drawn at **BCES**. After all designated re-rides are used, notified animals turned out will be used for re-rides in the order they appear on the judge's card. Once all contestants have competed in a section, any non-notified turnouts from that section may be used as re-rides in that section or later sections.
- d) Any stock in the original draw that is turned out, meaning not bucked either in competition or as an exhibition ride, automatically goes in the re-ride draw.
- e) If an animal fails to perform and a re-ride is awarded and the animal has already been drawn for another contestant in a later performance, the stock contractor can request that the judge draw another animal for that contestant.
- f) If an animal has been awarded once as a re-ride and is turned out it shall go to the bottom of the eligible re-ride list.
- g) NOTE: A turned out animal can only be drawn once as a re-ride. Thereafter, animal will be drawn out of the herd.

**1.03** No pens of cattle may be drawn for more than one (1) day in advance. **1.04** Only calves and steers that are available for use for the first go-round can be put into the draw for the second or subsequent go-rounds.

**1.07** In timed events, stock will not be drawn except one (1) run and one (1) go-round at a time.

- a) All cattle in the draw will be run one time before any cattle will be drawn for a second time.
- b) When due to a split performance, this procedure becomes impossible, the draw will include cattle remaining that have been run the least number of times provided however that if there are enough animals to complete the performance,
- c) no stock will be run twice in the same performance.
- d) Immediately after a split performance, the draw will then revert to the cattle that have been run the least number of times.
- e) In case of re-runs, all cattle in the draw will be run one time before being run twice, etc.
- f) Any animals drawn and not competed on shall be considered run, and if there are no re-runs, animal shall be used for first extra.
- g) In case of crippled stock after the draw, contestant(s) who have drawn the crippled animal(s) will draw back at remaining cattle with the least number of runs.
  - a. If spares were drawn they would automatically run the spare(s). If it was the end of the run on the cattle and no spares were drawn, they would draw back at the herd following the completion of that run.

**1.06** In the timed events, if a contestant has advised the secretary that he will be turning out his stock, no stock will be drawn for such a contestant.

**1.07** In timed events, a complete go-round must be finished before any contestant can compete on his next head of stock, except for stock that must be brought back.

**1.09** An animal in the timed events of a rodeo may not be used in any other contest events of that rodeo, until after the event that animal has been used at the rodeo.

**1.10** Cattle used in minor events will not be of such that was culled or sorted in a manner meant to separate favorable and unfavorable cattle, with the end result being the minor events receiving the unfavorable cattle. This will be subject to a fine at the discretion of the Board of Directors on the judge's recommendation.

**1.11** When it is necessary to make a cut in the cattle in timed events, the weaker end will be taken out of the draw.

**1.12** During any performance if an animal in the timed events escapes the chutes or pens before it is called for by the contestants, or if automatic barrier fails to work and stock is brought back, that animal will be returned by the arena director and the labor crew during or at the end of that performance in the same manner he was originally worked or brought to the pens for contesting. One steer or calf cannot be brought back alone.

**1.13** Stock order must run in order for slack and performance except when it is necessary to make changes to avoid consecutive runs on the horse.

**1.14** If steer or calf is hindered by the pusher, from natural progression when gate is opened the contestant shall be disqualified and the pusher be fined one hundred dollars (\$100) for the first offense and progressing with each offense. Pusher will not leave, nor will any part of his body extrude past gate. This will be enforced by the barrier judge.

**1.15** Open gate in all timed events except Steer Wrestling.

**1.16** There will be an automatic No-Time levied for permanent injury to livestock. Fine will be at the discretion of the judges.

**1.17** In a timed event (T-D R, SW, BAR, JBAR, TR), if in the opinion of the line judge, the animal falls (Falls, is defined as: goes to knees or hocks) before it crosses the score line, the contestant shall be entitled to a rerun at the judge's discretion. There will be no penalty added to the rerun if, in the opinion of the judge, the contestant broke the barrier due to animal falling. If the judge believes the contestant would have broken the barrier whether the animal fell or not, no rerun will be given.

**1.18** In a timed event (T-D R, SW, BAR, JBAR, TR), in the opinion of the line judge the animal turns between the chute and the score line, or ducks back into the box and doesn't allow the competitor to compete, a rerun will be rewarded on the designated spare.

- d) Neck ropes must be tied with string. No metal snaps or hardware shall be used on neck ropes in the timed events.
- e) If the barrier neck rope or barrier rope flies up and hits the contestant or his rope, impairing him, the contestant may declare himself and if so must be given a re-run. A contestant shall so declare himself by not throwing his rope or by not attempting to get down on the steer.
- f) Height of barrier in timed events shall be from thirty-two to thirty-six inches (32" – 36"), measured at the center of the box.

### **2.02 BREAKING BARRIER**

- a) A ten (10) second penalty will be added for breaking or beating the barrier.
- b) In all timed events, a barrier will not be considered broken unless the ring drops within ten feet (10') of the post where it is pinned.

### **2.03 BARRIER FAILURE**

- a) In order for time to be considered official, barrier flag must operate.
- b) Barrier penalties will be assessed by the barrier judge, if barrier malfunctions, the judge, at his discretion, will assess or take off the ten (10) second penalty. If in, the judge's opinion, the barrier malfunction caused the contestant to be disqualified, the contestant will be awarded a re-run on the same animal.
- c) If barrier fails to work and official time has not started, contestant or team will get a re-run if a qualified run is made, on the spare animal.
- d) If barrier fails to work and re-run is granted contestant will take the re-run during or immediately after the same performance.
- e) If a re-run is awarded in the timed events, the contestant will run the spare rather than get the same animal back. This would not apply if gate is opened in error and contestant is entitled to a re-run. In this case contestant would get same animal back.
- f) Failure of animal pulling the neck rope: if an animal fails to break the neck rope and time has officially started by the contestant, that animal belongs to the contestant. However, if the time is started by the animal and the contestant remains behind the plane of the barrier, it will be up to the judge's discretion as to whether that animal should be considered a sulking animal and replaced using the miss-draw procedure. In the case of a re-run, the official can run the spare instead of using the miss-draw procedure.

### **2.04 SCORE LINE**

- a) There shall be two (2) or more and as many other officials as the local management finds necessary.
- b) Arena conditions will determine score, length of score to be set by arena director and timed event director or representative, if present, subject to the conditions set forth herein, and subject to the approval of the judges.

- c) Once score line has been set in timed events it will not be changed at the rodeo, nor can length of box be changed.
- d) The length of the score line must be determined one (1) hour before the rodeo commences.
- e) The calf roping score will be five feet (5') less than the length of the barrier box unless approved by the event representative.
- f) At indoor rodeos the length of the score shall be no longer than five feet (5') less than the length of the timed event box.
- g) In the timed events the box must be a minimum of sixteen feet (16').
- h) To measure correctly, put barrier up with pin in barrier ring, holding the pin in place, measure from post where barrier pin goes, to the point where barrier rope touches the ground. Set barrier line eighteen inches (18") beyond that point.

### **3.00 TIE-DOWN ROPING**

**3.01** Contestant will be allowed only one (1) loop.

**3.02** Animal belongs to contestant when he calls for him, regardless of what happens, except cases of mechanical failure.

**3.03** Once gate is opened, it must not be closed. If it is opened and then closed the contestant will be disqualified.

**3.04** Contestant must adjust rope and reins in a manner that will prevent horse from dragging calf.

**3.05** Contestant must receive no assistance of any kind from outside.

**3.06** If horse drags calf excessively, field judge may stop horse

**3.07** Penalty for calf dragging not to exceed one hundred dollars (\$100), will be assessed by field flag judge and/or arena director.

**3.08** Rope may be dallied or tied hard and fast - either is permissible; contestant must dismount, go down and throw calf by hand and cross and tie any three (3) feet with at least one wrap and a half hitch. If calf is down when roper reaches it, the calf must be let up to his feet and thrown by hand. If roper's hand is on the calf when calf falls, calf is considered thrown by hand. Rope must hold calf until roper gets a hand on calf. Tie must hold and three (3) legs remain crossed and tied until passed on by the judge, and roper must not touch calf after giving finish signal until the judge has completed his examination. If tie comes loose or calf gets to its feet before the flagger has called the run complete, the roper will be marked no time. Untie man must not touch calf until signaled to do so by flag judge.

**3.09** A one hundred dollar (\$100) fine will be assessed (paid to the BCRA) to calf ropers for unnecessary roughness towards a calf. This will be assessed for obvious intentional jerk down, even though the calf does not go straight over backwards. **I.E. The one hundred dollar (\$100) fine will be assessed if the contestant throws the slack straight in the air or makes no visible attempt to switch the calf to avoid a jerk down (to hold slack or to throw it off to one side or another).** Further examples are as follows: excessive dragging, intentionally running calf into the back fence, and any roughness to the calf that could be avoided. (rolling calf over is not allowed). If calf is intentionally dragged over six feet (6') at any time after is has been thrown, roper will be disqualified.

**3.10** The field flag judge will pass on the tie of calves through use of a stopwatch, timing six seconds (6) from the time the rope horse takes his first step forward after the roper has re-mounted. Rope will not be removed from calf and rope must remain slack until field judge has passed on tie.

**3.11** Flagman must watch calf during the six seconds (6) period and will stop the watch if a calf kicks free. The time shown on the watch will be used to determine whether calf was tied long enough to qualify.

**3.12** Contestant will be disqualified for:

- a) Roping the calf before the calf releases barrier.
- b) If contestant's feet touch ground before horse has crossed the score line.
- c) Contestant may not have calf lined beyond the score line. The judge and/or event rep will position liner in the calf-roping event.

- d) Roper will be disqualified if the horse jerks a calf down with the first jerk of the rope, which is used when the calf is tied. A jerk down means that a calf is jerked straight over backwards, landing on its head or back. This disqualification rule will be waived at the discretion of the judges if suitable cattle are not supplied. To be considered suitable, calves must be the proper weight and must be roped and tied three (3) times prior to the rodeo.
- e) There will be a forty second (40) elapsed time limit in the calf roping. The timer at the end of the forty second span shall blow a whistle indicating “no time”. If contestant is in the process of tying the calf he may finish the tie but will receive no time.

**3.13** Where a rope horse is going to be used by more than one roper, calves must be run in such a way as to allow at least one contestant to compete between runs on that horse. On failure to comply with this rule, contestant will be subject to a twenty-five dollar (\$25) fine, escalating with each violation. (No successive runs will be allowed except in a Finals). After calves have been drawn the revised order of contestants must be given to chute help and rodeo announcer.
